• Machine load out for shipping is included free in the price of this machine. We take great pride in the detailed and professional plugging of all open hydraulic lines, and detailed accounting of all hardware, pins, and accessories. We will arrange freight to any USA end point, or help with overseas export as needed.

Here is a late model D11T that will be ready to go. Besides the Cat Dealer Rebuilds, this machine is receiving a fairly extensive work order in-house, including: fixing any oil seeps and leaks, checking equalizer bar and pivot shaft, cleaning all compartments, servicing all oil, filters, and fluids, pressure testing all hydraulic systems to factory spec, and much more. The machine will receive full TA2 pressure testing report and full pre-sale inspection report. Please call or email us to request full documentation.

We invite your own personal or 3rd party inspection of this machine anytime, located at our facility in Bellevue, Iowa. We offer fair freight rates to any end point, and excellent financing programs if needed.
