These AWK Series Scrapers came in from Midwest contractor who has been in business 70 years, they have owned these machines since they were near new. They perform all their own service work and have given these scrapers anything they have needed to stay above average and job ready. The scrapers are clean and honest, not perfect, not new, but as nice as used scrapers available anywhere in the country. These machines are in our rental fleet, and we will Rent to qualified contractors anywhere in the country for the right Dirt job, no rock jobs considered. We would also sell machines as listed in minimum package of 2 machines or more.

We invite your own personal or 3rd party inspection of this machine anytime, located at our facility in Bellevue, Iowa. We offer fair freight rates to any end point, and excellent financing programs if needed.

Call Sales at 563-872-4112, If you prefer to Text, Text only line to Josh @ 563-590-9903, or email sales@jjscheckel.com

Machine Price: \$348,000
