- **Rear tread height down as pictures show but all operable.**

This is a survivor original 740 B1P serial number machine with low original hours. These were the reliable trucks. Coupled with a ground force tank is the best in the business. Tank is good, has some cosmetic denting on left hand side as pictures show. Everything performs to spec, just off job-site. We will consider term rental and or sale.

We invite your own personal or 3rd party inspection of this machine anytime, located at our facility in Bellevue, Iowa. We offer fair freight rates to any end point, and excellent financing programs if needed.
