***• Machine load out for shipping, included free in the price of this machine. Detailed and professional plugging of all open hydraulic lines, detailed accounting of all hardware, pins, and accessories, is something we take great pride in. We will arrange freight to any USA end point, or help with overseas export as needed.***

Here is a late model, low original hour Cat D11T that has had a very good prior work life working in clay overburden and marl/crumby calcium carbonate deposits, at a mine in the USA. This machine has been on a Cat dealer Maintenance and warranty program since new. Whatever the machine needed, it received. In addition, we have a work order opened in house addressing a few minor items noted on Cat Dealer Inspection. The machine will also receive full TA2 pressure testing report.

Please call or email to have additional information and documentation emailed to you.

We invite your own personal or 3rd party inspection of this machine anytime, located at our facility in Bellevue, Iowa. We offer Fair freight rates to any end point, and excellent financing programs if needed.
