» jjscheckel.com/product/new-material-handler-boom-to-fit-cat-349/

Description

New JJS Strong Boom, Material Handler set, to fit Cat 349. 56'9" Length, w/ extra counterweight attachment included. Manufactured specifically with Strenx 700F brand extreme duty structural steel from SSAB. **Read the Details:**

To Fit Cat 349 –

56'9" Total Length of Boom/Stick Set.

This is a New JJS Material Handling "Strong Boom" and MH conversion kit. We have these booms contract manufactured out of STRENX 700 brand steel which is known as one of the top quality grades known for structural steel. Strenx Steel is 100,000 PSI and 30% to 50% higher priced than standard steel most manufactures use. Strenx is a superior product in quality and strength.

- The Boom section is 32'6" length.
- The Stick Section is 24'3" length.
- Hard pipe hydraulic lines on the boom.
- Integrated shut off valves.
- Quick couplers on work tool and boom, for easy clean disconnect.
- All greaseable bushings are dimpled throughout.
- Robotic welding on all applicable boom joints.
- Dual stick cylinders included in set.
- Boom lift cylinders are the stock cylinders you will reuse on your existing machine.
- All OEM Style hose ends and fittings, not metric.
- All steel boom pipe clamps.
- Hard pipe grease lines to joints, with grease bank.
- 8,000 PSI hydraulic hoses. Exceeds the machines OEM hose ratings.
- 5 Ton mid section counterweight section comes with package.

Note, We have a hydraulic rise cab platform in stock as well for additional money, if interested in using that with this material handler boom set.
