- Front Idlers average - 92% remaining.
- Rear Idlers average - 104% remaining.
- Bottom Rollers average - 90% remaining.
- Top Carrier Rollers average - 85% remaining.

Here is very solid Cat D10T with low original frame hours given the year model. Additionally, the machine came from a high reputation company that has owned it since new, they had this machine under Cat dealer Maintenance contract, and all component rebuilds and service is documented.

We are performing a Complete Cat TA2 Pressure testing report for this machine, and several other work order related services including servicing oils and filters and making this machine field ready.

Machine load out for shipping is included free in the price of this machine. Detailed and professional plugging of all open hydraulic lines, detailed accounting of all hardware, pins, and accessories, is something we take great pride in. We can arrange freight to any endpoint.

We invite your own personal or 3rd party inspection of this machine anytime, located at our facility in Bellevue, Iowa. We offer fair freight rates to any end point, and excellent financing programs if needed.
