- Zero hours on several blade and ripper pins and bushings, on joints that were loose.
- New bushings and pins as needed on equalizer bar.
- Servicing all oils and filters.
- Fixing any visible oil seeps and leaks.

- Single Shank ripper, c/w ripper shank as pictured.
- SU blade, w/ twin tilts.
- Cat C27, 722 HP Engine.
- 155,000 operating weight.

**Undercarriage measures as follows, based on Cat book spec of 120% as new:**

- Rail/Chain height measure 112% Remaining.
- Links/Bushings on rails measure 108% Remaining.
- Pads/Grousers – 102% Remaining, 24” wide Track pads.
- Sprockets Measure – 104% Remaining.
- Front Idlers average - 60% Remaining.
- Rear Idlers average - 76% Remaining.
- Bottom Rollers average - 82% Remaining.
- Top Carrier Rollers average - 99% remaining.

Here is very solid Cat D10T with low original frame hours given the year model. Additionally, the machine came from a high reputation Land Development company that had Cat dealer perform anything the machine needed, all component rebuilds and service history stated is documented. Its getting really hard to find a non emissions model Cat D10T with this low of original frame hours.

We are performing a Complete Cat TA2 Pressure testing report for this machine, and several other work order related services including servicing oils and filters and making this machine field ready.

Machine load out for shipping is included free in the price of this machine. Detailed and professional plugging of all open hydraulic lines, detailed accounting of all hardware, pins, and accessories, is something we take great pride in. We can arrange freight to any endpoint.

We invite your own personal or 3rd party inspection of this machine anytime, located at our facility in Bellevue, Iowa. We offer Fair freight rates to any end point, and excellent financing programs if needed.
