This machine just came in from pipeline service company. It would be hard to find a nicer, lower hour machine at this price. This machine is straight, clean, and original. Very low utilization, and very low original hours for the year model. Very hard to find them like this.

This machine is currently undergoing an extensive, quality assurance mechanical inspection at our facility, including a full CAT TA2 pressure testing inspection. Please call or email to have additional information, testing reports, and documentation emailed to you.

We invite your own personal or 3rd party inspection of this machine anytime, located at our facility in Bellevue, Iowa. We offer fair freight rates to any end point, and financing programs if needed.

Please visit our home webpage to watch our company video and learn more about J.J. Scheckel Corporation.

Machine Price: \$288,000
