This hard to find Cat 825H, Cab is super clean, and everything on the machine works as it should. This unit came from a good home, and has been maintained and serviced on schedule. Pins and Bushings in the center frame, and blade are all tight with no excessive play.

In addition, this machine is currently getting an extensive work order, including a full Cat TA2 technical inspection of all component pressures to cat spec, we are also servicing all oils and filters on machine, along with several other procedures. Please call or email for additional information that we can email you – this machine will be ready to go.

We would entertain a Rental Scenario, with this machine, anywhere in the USA If interested, or an outright sale as well, if that is preferred.

We invite your own personal or 3rd party inspection of this machine anytime, located at our facility in Bellevue, Iowa.
