Additional Bucket configurations & attachments available for this machine

This machine is just in off the field, 4,700 original hours. From Cat Dealer Fleet. This excavator is straight & clean, well cared for, and as honest of machine that’s available on the market. No faults on this machine. All pins & bushings in linkage are tight. No leaks, good solid machine all the way around, still in original paint and original condition.

This machine is currently getting an extensive pre-sale work order, including a full Cat TA2 technical inspection of all component pressures to cat spec. We are also servicing all oils and filters on machine, along with several other pre-sale procedures. This machine will be ready to go. Please call or email for additional information that we can email you –

We invite your own personal or 3rd party inspection of this machine anytime, located at our facility in Bellevue, Iowa. Priced to sell!

Price: **\$114,000**
