

## New Tatu Extreme Duty, 11' + 40", Offset Wheel Disk

» [jjscheckel.com/product/2024-tatu-extreme-duty-11-40-offset-wheel-disk/](https://jjscheckel.com/product/2024-tatu-extreme-duty-11-40-offset-wheel-disk/)

### Description

Tatu EHD, 11' Cutting width, with 40" diameter notched disk blades. Extra heavy duty, offset disk with transport wheels. These are the heaviest, most extreme duty, construction disks on the market. Take a very close look.

The total weight of the disk is 15,050 lbs. This disk has a total of 14 disk blades. The weight per disk blade is listed as 1,250 lbs,

This disk has 2 function hydraulics: 1 function for the wheels up and down, and 1 function for the hitch leveling, or draft, if desired.

Listed tractor horsepower recommendations for this disk is 290-310, however it depends how aggressive you get, and your traction. For example, a 180 HP dozer can easily handle this disk because it has the weight and traction.

**Read the Details Below –**

- Built from the same family that operated Rome Disk Company, for many years in the past. They took the best design and improved upon it, with Tatu Disks.
- The very best, stoutest, double wall frame construction on the market. Not a tube frame, this is actual double wall construction. The benefits are in the details.
- The stoutest wheel carrier frame in the market, designed to not bend like the others, when operator is reversing, with the disk raised up, and the tires on the ground.
- Heat treated and improved 2-3/4" hardened axles on the disk gangs, with casted spacers.
- The longest lasting, heaviest duty, oil bath bearing in the market on the disk gangs. Patented and improved Duro Mark bearings, with replaceable guards and swivel ability.
- Each disk comes with the tooling attached, for all major nuts and bolts on the unit.
- High quality hydraulic cylinders, w/ seal kits available.
- The disk blades are heat treated, hardened Boron steel, manufactured by Tatu. They are 1/2" thick, and are the same disk blades supplied to most all other major manufacturers in the USA.
- Adjustable disk blade scrapers / cleaners.
- Rod stops on the hydraulic cylinders, provided for depth control.
- 100% Parts availability, same day shipping on all common parts, in stock at our location, in Bellevue, Iowa.

Take a close look at these Tatu Brand, Extreme Duty Disks, they really are superior in most every way. We are a North American dealer for Tatu, and will provide all parts and support. We ship nationwide.
