jjscheckel.com/product/new-875-65r29-radial-tires-fits-adt-trucks-and-loaders/

Description

We hand selected these tires at MineExpo, and have been using them for years on our Rental Fleet. These tires are designed closely after the Michelin XAD and XADN brand, they will provide 90% plus the same wear life of Michelin, while being fraction of the cost. They are not "Cheap" tires as they are manufactured by one of the world's Top 10 largest tire manufactures for over 50 years. They are extremely high quality, Durable and Reliable Tires. **Read the Details.**

Advance 875/65/R29 Size, E3 pattern, 50 mm tread depth - \$5,300 each

These tires are similar in look to the Michelin XADN series. 2 Star OFF ROAD Rating.
