This machine runs and operates as it should and came from a really good home. This is a really clean machine for a material handler with these hours and age. These MH3059's are very hard to find. A lot of life left in this machine; it has had an extremely low utilization rate since new. These units are over \$800,000 new. This machine has some small seeps, scratches, body blemishes consistent and typical with the age and hours it has.

This machine is currently undergoing an extensive, quality assurance inspection at our facility, including a full CAT TA2 pressure testing inspection. Please call or email to have additional information and documentation emailed to you.

We invite your own personal or 3rd party inspection of this machine anytime, located at our facility in Bellevue, Iowa. We offer fair freight rates to any end point, and excellent financing programs if needed.

Call sales at 563-872-4112. If you prefer to text, text Josh @ 563-590-9903, or email sales@jjscheckel.com.

Machine Price: \$228,000

About J.J. Scheckel

J.J. Scheckel is a first generation company that still operates from the same exact location in Iowa that the Scheckel family originally immigrated to over 170 years ago. We operate a well maintained heavy equipment fleet that we both Rent and Sell from to customers located throughout the world. J.J. Scheckel also performs complete machine rebuilds, and custom-build equipment projects in our 25,000 sq ft service facility in Iowa. We are different because we truly and sincerely care about doing things "The Right Way". Please visit our homepage to watch our company video "The Right Way" and learn more about J.J. Scheckel Corporation.

Follow us on all social media platforms for immediate available equipment updates. We update daily on both Facebook and Instagram.
