Read the Details Below –

- Built from the same family that operated Rome Disk Company, for many years in the past. Over 70 years in the manufacturing business, with over 2000 employees.
- They took the best design, and improved upon it, with Tatu Disks.
- The very best, stoutest, Double Wall frame Construction, on the market. Not a tube frame, this is actual double wall construction. As the benefits are in the details.

- Heat Treated, 2-1/2 inch, Hardened Axles on the Disk Gangs, with Casted Spacers.
- The longest lasting, Heaviest Duty, Oil bath bearing in the market, on the Disk Gangs, Patented Duro Mark Bearings, With Replaceable Guards.
- Each Disk, comes with the tooling attached, for all major nuts and bolts on the Unit.
- High Quality Hydraulic Cylinders, w/ Seal kits available.
- The Disk Blades are heat treated, hardened Boron Steel, Manufactured by Tatu, they are 1/2" thick. And are the same disk blades supplied to most all other major manufactures in the USA.
- Adjustable Disk Blade Scrapers / Cleaners.
- 100% Parts availability, same day shipping on all common parts, in stock at our location, in Bellevue, Iowa.
