This machine is out of Earthmoving/Golf course contractor full dispersion. Previous to that, it worked for dock and dredge company. Machine has been repainted a year or so ago. Lots of service history on this machine by Cat dealer who performed all maintenance. Should make a very good machine for the money. There is some light rust scale visible on this machine in certain areas, apparently from previous dredge material being pushed.

Given time, this machine will undergo an extensive, quality assurance inspection at our facility, including a full Cat TA2 pressure testing inspection. Please call or email to verify completion, and have additional information and documentation emailed to you.

We invite your own personal or 3rd party inspection of this machine anytime, located at our facility in Bellevue, Iowa. We offer fair freight rates to any end point, and excellent financing programs if needed.

Call Sales at **563-872-4112**, If you prefer to Text, Text Josh @ **563-590-9903**, or email **sales@jjscheckel.com**.

Machine Price: \$178,000
