

EARTHMOVERS, EXCAVATORS, TRUCK and TRAILER

OVER 5,000 HIGH
QUALITY PRODUCTS DIRECT!

855-219-6387

YOUR JOB'S TOUGH ENOUGH- WE'RE HERE TO MAKE IT EASIER.

Our high-quality products were specifically chosen for those who operate, maintain, or haul heavy equipment. Our product line includes items from the following categories:

- Equipment Accessories
- Truck and Trailer Accessories
- Maintenance, Parts, Components, and Tooling
- Shop Equipment and Tooling
- Oil, Grease and Fuel Handling
- Lifting and Rigging
- Job Site Tools and Equipment
- Operations and Personnel

We're a small company, centrally located in Iowa. We pride ourselves on same-day shipping on all of our in-stock items and the same goes for the majority of our drop ship products as well. We offer only the best products from the best manufacturers to ensure your satisfaction. Give us a try, we won't disappoint!

SHD BLUE LED SPOT FORKLIFT SAFETY LIGHT

The ABL 500 LED series work lights are designed to exceed everyday demands in all applications. This specific Blue version of our LED worklight range ensures a visible sharp edged warning signal on the floor for an increased safety environment.

- Lifetime: 20,000 hours
- Light pattern: sharp-edged spot
- Consumption: 5W
- Voltage: Multi 12-100V; Intensity: 0.2 Amp @ 24V
- Vibration resistance: 10 Grms, from 24Hz to 2000Hz
- 4.29" tall x 4.29" wide x 4.84" deep

Part #	Light Pattern	Bulb	Price
SP3A0008	Sharp Edged Spot	LED blue	\$149 ⁹⁵

SL 1000 LED COMPACT WORK LIGHTS

Through this Service light version, ABL provides an attractive LED product for close range lighting needs. ABL 850 LED SL offers a low consumption (14 watts) solution where high reliability and cost efficiency are required.

- Pedestal mounting
- Connection: DT 2 pin
- 6000 K Color temperature
- Extremely long life (30,000 hours)
- Protected against reverse voltage
- Voltage: 12/24V; 14W consumption
- High vibration resistance
- Dimensions: 3.8"H x 4"W x 2.5"D.

Part #	Light Pattern	Bulb	Qty	Price
3A0067	Flood	1000 Lumen	1	\$99 ⁹⁵
3A0068	Long Range	1000 Lumen	1	\$99 ⁹⁵

RL 1500 LED WORK LIGHT

The ABL RL 1500 LED series work lights are designed to exceed everyday demands in all applications. Through stringent engineering and testing practices, we ensure the highest efficiency and durability in even the harshest operating conditions.

- Pedestal mounting
- Connection: DT 2 pin
- 6000 K Color temperature
- Extremely long life (30,000 hours)
- Voltage: 12-24V; 20W consumption
- High vibration resistance
- 3.58" round x 3.03" deep

Part #	Light Pattern	Bulb	Qty	Price
3A0069	Flood	1500 Lumen	1	\$139 ⁹⁵
3A0070	Long Range	1500 Lumen	1	\$139 ⁹⁵

SL 1500 LED COMPACT WORK LIGHTS

The ABL 1500 LED is a new LED work lamp with halogen performance, meeting the highest quality demands of the vehicle, forest and mining industry.

- Pedestal mounting
- DT 2 pin connector
- Brightness in day light color (6000 K)
- Low power consumption, 20W
- 12/24V
- Maintenance free
- Extremely long life (30,000 hrs)
- High vibration resistance
- Dimensions: 3.8"H x 4"W x 2.5"

Part #	Light Pattern	Lumens Output	Price
3A0063	Flood	1500 Lumen	\$139 ⁹⁵
3A0064	Spot	1500 Lumen	\$139 ⁹⁵

Rugged. Durable. Economical.

For maintenance & finishing, crown work, slope work, or paving! Slope Meters are typically mounted on the dash in the operator's view and will give fast, accurate readings for any slope. The Slope Meter enables the operator to construct true slopes without waves.

**SLOPE
METER, INC.**

SLOPE METER NO. 1

Used for all slope and crown construction. The figures shown on the scale represent slope. For example, when the indicator ball is over number "8", it indicates an "8-to-1" slope. The small triangles (shown between 0 and 8) represent degrees, for reference purposes. Slope-Meter "No. 1" is widely used on motor graders, bulldozers, and similar equipment.

PART# 5S0002
\$199⁹⁹

SLOPE METER NO. 2

Used to determine "percent of grade" and is calibrated to read from .00 to .12 (0-12%). The "No. 2" aids the operator and speeds work on motor graders, asphalt pavers, wheel ditches, tunneling machines, and other equipment where exacting specifications are required.

PART# 5S0003
\$199⁹⁹

STEEP SLOPE METER

Calibrated in percentage of grade from 0 to 50%. A major use for this meter is in all areas where a steeper slope reading is needed. This product works well on bulldozers and similar equipment.

PART# 5S0004
\$199⁹⁹

BULK CAB FOAM

Bulk cab foam with perforations, 64 holes per square inch.

- 1" Thick
- 54" Wide
- Sold by the yard (36")

CORDLESS, MOBILE, PROPANE COOLANT HEATER

The Hilton cordless engine heater has been designed to preheat all liquid-cooled engines that require preheating to start in cold weather. The Hilton heater also eliminates the need to idle diesel engines in cold weather. This heat can be used in the cab and bunk areas as well as in the engine.

Electricity from the vehicle activates the heater, allowing it to operate anywhere. The Hilton cordless engine heater is a catalytic burner, providing safe flameless heat. It uses 5.4 oz. of propane per hour, which produces 6,500 BTU. Hilton heaters are available for both 12-volt and 24-volt installation. A 20# cylinder of propane will last approximately 60 hours.

The B Series heater produces more than double the amount of heat of the LP 6500 heater, and is an excellent choice for quick engine starting and for people who want to heat the motor and have extra heat for other applications such as heating the bunk area, fuel or hydraulics.

Part #	Description	Output Per Hour	Volts	Dimensions HxD	Price
5J0002	LP 6500 Cordless Engine Heater	6500 BTU	12	12.5 in. x 5 in.	\$799 ⁹⁵
5J0003	LP 6500 Cordless Engine Heater	6500 BTU	24	12.5 in. x 5 in.	\$799 ⁹⁵
5J0004	B Series Cordless Engine Heater	16,000 BTU	12	12.5 in. x 5 in.	\$949 ⁹⁵
5J0005	B Series Cordless Engine Heater	16,000 BTU	24	12.5 in. x 5 in.	\$949 ⁹⁵

Heater comes with mounting bar, fuel pressure regulator, and a wiring harness that connects to the on/off switch. You will need to furnish the propane tank and hoses (3/4" heater hose and 1/4" flexible fuel line hose).

ENGINE HEATER TIMER

Programmable timer for Hilton heaters. Set your Hilton heater up to turn on at any time. Seven day, eight event programming. 12 or 24 volt operation. Manual or automatic programmable timer controls.

Part #	Description	Time	Volts	Price
5J0006	Hilton Programmable Engine Heater Timer	7 day, 8 event	12 or 24	\$236 ⁶⁰

AIRHAWK PLUS SEAT CUSHION

Use the Airhawk Plus Seat Cushion as a high quality flotation cushion to keep you riding in comfort while on the job. The Airhawk Seat Cushion uses fully adjustable air-filled individual cells that are controlled by an innovative air valve and pump that will distribute seating weight evenly for a more comfortable ride. Using the dry flotation technology will help reduce grievances to pressure points, which are the main source of numbness and back pain.

- Durable Black Polyvinyl material
- Breathable and stretchable nylon/lycra blend cover
- Isloflow air adjustment valve
- 19" x 19" square cushion
- Dry flotation technology
- Strong wear resistance

PART# 8K0006

SAFETY DECALS AND WARNING LABELS

We live in an ever changing world of laws and regulations so it's a necessity that we put the right safety decals on our machines; our selection of high-quality details will help you accommodate OSHA. Decals are cut out of solid color vinyls which is guaranteed not to fade from the elements, which means your decals are brighter, stronger, more eye appealing, and generally better for a longer duration of time.

7"x1"x0.065" heavy duty rubber band. Holds straps tight when not in use for easy storage. Pkg of 6.

PART# 5P0002
\$7⁵⁰

TORQUEDRIVE™ STEEL OFFSET CHAIN BINDERS

The Absolute Highest Quality, Safest, Fastest, Tension Retaining Load Binder IN THE WORLD!!

Faster and safer tie down and release. Tighter chains every time.

- **Ideal for tight areas.** In confined situations, TorqueDrive™ can be 20 to 30 times faster; allowing for total powered rotation, where a manual binder may only be able to get a quarter rotation or less.
- **Powers through** dirty or neglected threads on binders. Simply adjust the torque setting on your portable drill.
- **Built to last.** Manufactured with heat treated, forged components for a long dependable life. Smooth operation due to a precision aligned worm gear assembly with grease fitting, for years of trouble free service.
- **Manufactured to WSTDA-T6 standards.** G70 Rated.
- We recommend an 18 volt cordless drill with at least 200 lbs of torque. You will need a 3/8 adapter and 3/4" socket to operate.

The ultimate for the steel hauler! Truly the best binder on the market bar none. Gets chains tighter, safely and faster than anything on the market. Store your endlinks inside the barrel when storing and they will be out of the road salt / brine and stay lubricated. Heavy / implement grade paint resistant to chipping, zinc coated, sealed gear box. You will love these!

Choose from 3 Models, Blue Line, Red Line, and Green Line.

QUICKMOUNT WARNING FLAGS

Spring-loaded, quick-release receiver constructed of 303 stainless steel for durability and rust protection. Fast & easy installation. Comes with 18" x 18" durable mesh jersey flag that is replaceable. Flag spins freely on staff for maximum visibility. Requires bracket assembly, sold separately.

Part #	Description	Dimensions	Price
5P0009	Red Flag Assembly	18" x 18"	\$39 ⁹⁹

5P0012	Replacement Flag Orange	18" x 18"	\$7 ⁶⁵

QUICKMOUNT MOUNTING BRACKET

Our heavy duty stainless steel mounting bracket for quickmount flag assembly. Comes with stainless steel hardware. Mounts flag at either a 45° or 90° angle. Stud kit included. The best mount available for the job.

PART# 5P0016
\$21⁹⁹

TURBO SAVER

Don't destroy your turbo while hauling your equipment.

Wind can cause your turbo to spin. Due to lack of lubrication the bearings can be ruined. With Turbo Saver, the wind cannot turn the turbo. This cuts down on expensive repairs and downtime. Turbo Saver is reusable and eliminates the need to use duct tape or rags in the exhaust pipe.

Protect Your Fleet.

Let us solve your under-inflation and flat tire problems. Multi Seal® – superior science, superior sealants.

MULTI SEAL® PRO HD 2500™ TIRE SEALANT **SALE**

Your heavy tires routinely endure heavy punishment. They encounter 'tire killers' such as jagged rocks, broken concrete, rebar, scrap metal, welding rods, nails and other hazardous objects. MULTI SEAL® PRO HD 2500™ Formula allows your tires to withstand the rigors of heavy, continuous use. Your tires, drivers and equipment are protected from job-stopping flats due to slow leaks around the rim as well as air loss through punctures – from pinholes to serious punctures (up to 3/4" dia. in the tread area). One treatment of PRO HD 2500™ Formula will reduce flats by up to 95%, keeping you rolling safely, thereby saving you money and lost hours. Easily installed, PRO HD 2500™ Formula lasts the life of the tire and is easily washed out at the end of the tire's life.

Part #	Sizes	Price
6N0003	(4) 1 Gallon Bottles	\$302⁰⁰ \$289⁰⁰
6N0006	1 oz. Pump Pack for 1 Gal. Bottle	\$11⁵⁰
6N0004	5 Gallon Bucket	\$375⁰⁰ \$369⁰⁰
6N0005	Extra Heavy Duty Pump for 5 Gal. Bucket	\$129⁰⁰

Use for heavy equipment:

Backhoes, Articulated Loaders, Road Graders, Ag Equipment—Tractors, Mowing machines, Harvesters, Haul trailers, Skid Loaders, Cranes, Trucks, and more!

MULTI SEAL® TIRE SEALANT WITH DUPONT KEVLAR **SALE**

Our industrial tire sealants have helped companies save millions of dollars in tire repairs/replacements, damage to wheels and equipment, fuel costs, insurance costs, service calls and employee/equipment downtime. Now, we bring that same extreme performance to consumers with our new MULTI SEAL® Tire Sealant with KEVLAR®.

- Prevents up to 95% of flats!
- Virtually eliminates slow leaks.
- Install now for 24/7 protection: Seals puncture after puncture for 10+ years!
- Save money... Save time... Go anywhere!
- Unique formula with super-strong KEVLAR fibers is non-toxic Sold as a case of (8) 32 oz. bottles

~~\$127⁹⁹~~ **\$120⁰⁰**

FLARETITE STANDARD CARBON STEEL SEALS SAMPLE KIT

This permanent, "Leak-Free" connection exceeds the performance of today's ORFS fittings, and at significantly lower cost. It is a metal stamping, designed with multiple, concentric sealing rings and coated with a dry-to-the-touch, baked-on Loctite™ sealant. When inserted into a fitting, the concentric rings form multiple seals down the face of the flare, while the Loctite™ coating fills minor imperfections, dramatically increasing the integrity of the fitting.

- 304 Stainless steel seal with Loctite Vibra Seal coating.
- Rated for -40° to 300°F temps and all common gases & fluids.
- 61 seals, 1/4" thru 2", fits JIC 37° fittings

PART# 1H0002
\$299⁹⁶

293 PC. BACK-UP RING KIT

This 293 piece kit contains 36 of the most popular size "Parback®" Style Dished Cross Section back-up rings. Molded of 90A Durometer Buna-N rubber, they stretch for installation and return quickly to their original size. SIZES CORRESPOND TO O-RING NUMBERS. Your shop and service truck should not be without this handy kit.

36 sizes, 293 O-rings

DAKOTA SHINE KITS

Dakota Shine is a unique and patented product that will restore the color, luster and value to faded and oxidized surfaces like paint, decals, plastics and more. Dakota Shine is a ready-to-use product that requires no mixing.

Each kit includes: Dakota Prep, Dakota Shine Aerosol, Dakota Shine Scrub Pads and Instructions. Industrial kits also include Dakota Shine in 1 Gallon containers.

Part #	Description	Coverage	Price
4D0001	Pro Kit (Case of 2)	100 SF	\$199⁹⁵
4D0002	Small Industrial Kit	400 SF	\$327⁹⁵
4D0003	Medium Industrial Kit	800 SF	\$549⁹⁵

*A medium sized pickup or tractor is approx. 100 sq. ft.

BRITEPLUS MX

BritePlus MX is the choice for superior cleaning of raw or brushed surfaces. Clean stained and oxidized aluminum.*

BritePlus MX cuts through yellow stains, black streaks, haze and other discolorations. It cleans and brightens faded and oxidized aluminum. It even works great on painted surfaces.

BritePlus is a proven cleaner for your toughest jobs, like over-the-road trailers, SUV wheels, engine compartments, and more. A 2.5 gallon container is normally enough product to clean a 20 ft. trailer twice.

Part #	Description	Price
4D0006	BritePlus 2.5 Gallons	\$65⁹⁵
4D0007	BritePlus 5 Gallons	\$103⁹⁵

*Can dull and/or whiten polished surfaces, use AlumiWash for those applications

ALUMIWASH RTU

Choose AlumiWash RTU (Silver BritePlus MX) on polished surfaces. Maintain new or polished aluminum and stainless steel.

AlumiWash is a proven cleaner for very reflective, high-shine, and polished metal surfaces - like newer cattle trailers, tankers, polished wheels, and tanks. Our most gentle formulation - will not harm polished surfaces.

Apply with a standard weed sprayer or a bucket and soft-bristled brush. No mixing required!

Part #	Description	Price
4D0004	Silver BritePlus 2.5 Gallon	\$65⁹⁵
4D0005	Silver BritePlus 5 Gallons	\$103⁹⁵

THREAD CHECKER

Each size has a bolt and nut thread checker on the same gauge. Thread sizes are permanently stamped onto each gauge. Unit comes with a wire cable with loop on each end for convenient hanging. The individual gauges rotate freely on the wire cable for fast verification. Hardened steel.

Downtime Costs Money.

For as long as heavy equipment has been a crucial part of job success - equipment has broken down on a job because of a bad o-ring. Delays cost tens of thousands of dollars in lost time because of a part that costs a few dollars. We sell high-quality OEM o-ring kits that will ship within 24 hours, preventing your low-cost part failures from becoming big-dollar delays!

CATERPILLAR® MEGA O-RING KIT

This double-sided mega kit contains Caterpillar kits: 4C-4788, 4C-4784, 4C-5859, 4C-8253, 9S-3135 and 4C-4782.

Contents of Kit:

- 8 sizes Ors (flat face) o-rings
 - 11 sizes SAE flange o-rings
 - 13 sizes standard Boss o-rings
 - 10 sizes metric port o-rings
 - 9 sizes d-rings for XT5&6 flange connections
 - 32 sizes yellow silicone o-rings
- 83 Sizes, 633 O-rings, 45 D-rings

PART# 9Q0005
\$517⁵⁰

CATERPILLAR® FLAT FACE KIT

This compact single-sided kit contains high-pressure, Ors (flat face) o-rings for Caterpillar equipment, which replaces Caterpillar kit #4C-5859.

Contents of Kit:

- 8 sizes Ors (flat face) o-ring
- 8 Sizes, 265 O-rings

PART# 9Q0007
\$49²⁰

CATERPILLAR® D-RING KIT

This single-sided, high-pressure kit contains D-rings for Caterpillar XT 5 and 6 flange connections, which replaces Caterpillar kit #4C-4784.

Contents of Kit:

- 9 sizes D-rings
- 9 Sizes, 80 D-rings

PART# 9Q0009
\$162⁷⁵

BOBCAT® O-RING KIT

This single-sided kit contains low- and high-pressure o-rings for Bobcat equipment, including a large assortment for hose end fittings.

Contents of Kit:

- 8 sizes / 96 brown Viton o-rings
 - 14 sizes low- and high-pressure o-rings
- 22 Sizes, 250 O-rings

PART# 9Q0002
\$168⁰⁰

KOMATSU MEGA O-RING KIT

This two-sided, all high-pressure mega kit covers a wide range of part numbers for Komatsu equipment. Also included is a full o-ring assortment for Parker Hose fittings.

Contents of Kit:

- 10 sizes 21T Green Excavator Series o-rings
- 26 sizes 07000-I Series o-rings
- 5 sizes 07002-I Series o-rings
- 25 sizes Boss, flange, flat face o-rings for Parker Hose fittings

66 Sizes, 567 O-rings

PART# 9Q0028
\$440⁰⁰

KOMATSU SUPER O-RING KIT

This double-sided super o-ring service kit is a replacement for Komatsu kits: 1400686H91, 1400688H91, 1400689H91, 1400690H91, 1400692H91 and 1400693H91.

Contents of Kit:

- 19 sizes 07000-I series o-rings
- 5 sizes 02896 series o-rings
- 8 sizes 07002 series o-rings
- 22 sizes 07000-7 series o-rings
- 20 sizes 07000-E series o-rings
- 20 sizes 07000-F series o-rings
- 10 sizes 21T series o-rings

104 Sizes, 1002 O-rings

PART# 9Q0027
\$658⁰⁰

HITACHI MEGA O-RING KIT

This two-sided mega kit contains low- and high-pressure o-rings for EX100 through EX3500 Hitachi Excavators. (Replaces Hitachi small, medium and large o-ring kits, along with a variety of other commonly used o-rings.)

Contents of Kit:

- 46 sizes low- and high-pressure o-rings
- Large assortment of Viton o-rings for high-temp. use

46 Sizes, 332 O-rings

PART# 9Q0003
\$449⁵⁰

Notice. All manufacturers names, numbers, symbols and descriptions on the Q-Pac O-Ring Kits are used for reference purposes only, and it is not implied that any part listed is the product of the original equipment manufacturer.

JOHN DEERE® INDUSTRIAL O-RING KIT

This double-sided, industrial o-ring kit contains a large assortment of high- and low-pressure o-rings for John Deere equipment, which replaces John Deere kit #AT130208, and also includes John Deere kit #AT85197 and #TY16429.

Contents of Kit:

- 8 sizes Ors (flat face) o-rings
- 13 sizes standard Boss o-rings
- 59 sizes various high and low-pressure o-rings

80 Sizes, 713 O-rings

PART# 9Q0015
\$465⁰⁰

JOHN DEERE® MASTER HOSE END O-RING KIT

This two-sided, all high-pressure master hose end kit contains John Deere kits #AT85197, #AT196833, #TY16430, #TY16429 and #TY16431.

Contents of Kit:

- 8 sizes Ors (flat face) o-rings
- 10 sizes SAE split-flange o-rings
- 13 sizes standard Boss o-rings
- 9 sizes metric port o-rings
- 12 sizes 24° cone o-rings

52 Sizes, 545 O-rings

PART# 9Q0016
\$320⁰⁰

JOHN DEERE® HOSE END O-RING KIT

This single sided, industrial hose end kit contains high-pressure o-rings for use on John Deere equipment and replaces John Deere kits #AT85197, #TY16429 and #TY16430.

Contents of Kit:

- 8 sizes Ors (flat face) o-rings
- 10 sizes SAE Flange o-rings
- 13 sizes Boss o-rings

31 Sizes, 427 O-rings

PART# 9Q0017
\$198⁰⁰

JOHN DEERE® FLAT FACE O-RING KIT

This compact single-sided kit contains all high-pressure, Ors (flat face) o-rings for John Deere equipment, which replaces John Deere kit #AT85197.

Contents of Kit:

- 8 sizes Ors (flat face) o-rings
- 8 Sizes, 265 O-rings

PART# 9Q0026
\$49²⁰

VOLVO INDUSTRIAL O-RING KIT

This two-sided mega kit contains Volvo kits #15155158, 11708294, #63049, #14511214 and other high-usage standard and metric o-rings.

Contents of Kit:

- 7 sizes Ors (flat face) o-rings
- 10 sizes 37° o-rings
- 9 sizes Boss o-rings
- 6 sizes flange o-rings
- 34 sizes standard & metric o-rings

75 Part #'s, 864 O-rings

SHOP EQUIPMENT AND SERVICE TOOLING

AIR COMB™

Innovative Air Comb™ blows air at a 90° angle.

Patent-pending air guns have a multi-port nozzle with five holes on the top of the wand that maximize pressure and volume at a 90° angle. Provides a focused, high-pressure output that cleans hard-to-reach areas. Fit inside oval and cylindrical air filters, radiators or AC condensers. Choose from 12", 24", 36", or 48" lengths. Imported.

Part #	Description	Price

7N0515	24" Air Comb™	\$43⁹⁹
7N0516	36" Air Comb™	\$50⁹⁹
7N0517	48" Air Comb™	\$56⁹⁹

AIR FILTER BLASTER MAX

Air Filter Blaster is a new patented method for air filter cleaning that dramatically reduces air filter replacement and fuel usage on motorized equipment.

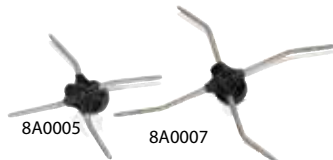

The system requires no expensive add-ons or external devices – it requires only a simple source of compressed air. Ports within the Air Filter Blaster's centrifugal forced air induction chamber create a shaft rotation that uniformly vibrates and discards dirt and particles from the inside of the air filter outwards.

The portable unit is designed to be taken directly into the field or on the road with a service truck or for dedicated use on a single piece of movable equipment. Cleans filters up to 25" tall. Requires a compressor with 90 psi capabilities.

Includes:

- One 6" rotor head to fit the most common filters
- Filter Blaster Induction chamber
- Protective hard case

PART# 8A0002
\$299⁰⁰

ADDITIONAL ROTOR HEADS

8A0007	9" Rotor Head - For filters w/ inside dia. 9"+	\$59⁰⁰

*Comes standard with Portable units

LEACHROD BLADE LIFT TOOL

The Blade Lift Tool was designed to effortlessly and safely change the blades on dozers, road graders, snow plows, v plows and swing arms.

The Leachrod Tool makes it quick and easy for a single person to safely change the wear edges on maintenance vehicles. Simply insert the Leachrod pins through the blade. Lift and align pins on machine and slide into position.

Reasons You Need The Leachrod

- Helps eliminate risky lifting techniques on cumbersome edges.
- Gives you control over heavy blade equipment without straining your back - reduces back injuries.
- Makes your workload more efficient, reducing the time it takes to perform a motor grader or snow plow blade exchange - saving time and money.

Snow Plow, Dozer, Grader - Comes w/ quick pin release to enable handle to bend at a 60° angle; allows for addn'l clearance.

PART# 1P0012
\$2,050⁰⁰

SLIDE SLEDGE® HAMMER TOOLS

The powerful Slide Sledge® Heavy Equipment™ Hammer reduces dangerous, time-consuming hammer and chisel jobs to a one-man, one-tool operation. The linear motion of Slide Sledge® focuses power for precision impact to drive pins and make other tough maintenance jobs easier, faster and a whole lot safer.

- Safer and more accurate
- Reduces downtime
- Increases productivity
- Extremely powerful
- Versatile

JOBSITE TOOLS AND EQUIPMENT

HASTINGS NON-CONDUCTIVE FIBERGLASS TELESCOPING MEASURING RODS

Designed for quick, one-man measurements of vertical or horizontal distances up to 50'. Extends for measurement, retracts to 69" for storage. Measurements are read directly, no calculations are necessary. Non-conductive. Made of tough, durable fiberglass. Available in English or Metric. Features a Voltage Rating of 100,000 volts per foot per 5 minutes. Excellent for measuring heights of trees, power lines, ceilings, and dimensions of woodpiles. Can also be used to measure horizontal surfaces, such as width of streams or distance between tree seedlings.

ENGLISH RODS

Graduated in feet, inches, and half-inches. All figures and graduations in black. Background color is yellow.

Part #	Description	Price
3H0089	25' Extended, 69" Retracted	\$400 ¹⁹
3H0090	30' Extended, 69" Retracted	\$503 ¹⁹
3H0091	35' Extended, 69" Retracted	\$609 ³⁸
3H0092	40' Extended, 69" Retracted	\$759 ⁵⁵
3H0093	50' Extended, 69" Retracted	\$970 ⁴⁴

Some of these rods may be on backorder due to Covid Delays. Call for ETA.

METRIC RODS

Graduated in meters, decimeters, and centimeters. Meter figures in red. All other figures and graduations are black. Background color is yellow.

Part #	Description	Price
3H0094	7.5m Extended, 1.75m Retracted	\$400 ¹⁸
3H0095	10.5m Extended, 1.75m Retracted	\$609 ³⁸
3H0096	12m Extended, 1.75m Retracted	\$908 ⁰⁰

SPECTRA PRECISION® LASER LEVEL LL500

The Spectra Precision® LL500 Laser Level is a one-person leveling system designed for longer range measurements across your entire site.

Features:

- 1,600 ft (500 m) working diameter which increases productivity by reducing the need for multiple set-ups on a large job site.
- Self-leveling with built-in 'out-of-level' shut off that maintains accuracy over the entire work area, and minimizes errors.
- High accuracy laser; 1/16 in. per 100 ft. (1.5 mm per 30 m) with temperature compensation provides highly stable, repeatable accuracy even under large temperature changes.
- Visible 'spotting' beam for determining receiver mounting placement making it faster to find the on-grade position.

Applications:

- Checking/setting elevations, concrete forms, footings, and foundations for medium to large commercial jobs.
- Excavating, digging footings, and septic tanks.
- Sub-base leveling with skid steer loaders.
- Longer range machine control applications.

MODEL LL500

Includes: LL500 Laser Level with HL700 Laserometer; Rod Clamp with Bubble Vial, Alkaline Batteries, Case

PART# 7S0005
\$1,377⁶⁰

WE CARRY THE LATEST IN LASERS AND RECEIVERS FROM SPECTRA PRECISION!

SPECTRA PRECISION® PIPE LASERS

Rugged pipe lasers built for lasting performance, reliability, and repeatability. Use for installation of gravity flow sanitary pipelines, storm sewer pipelines, pipe jacking, and/or tunnel boring.

Features:

- Rugged design is built for long lasting performance and reliability in the destructive underground environment. The DG813 is completely waterproof and its' shorter length fits into tight inverts in the manhole.
- DialGrades feature the largest automatic self-leveling range in the industry providing quick, easy setups.
- The DG813 features Line Alert where the beam flashes to notify you that the setup line has been disturbed, eliminating the necessity of rework.
- A full range of setup accessories and power options are available and are easy and straightforward to use.
- Maximum legal strength red laser beam and pipe targets with optical elements to enhance beam brightness make the beam easily visible in a variety of conditions.
- Remote controls for line and power included, DG813 remote control is full function with grade control and Line Set/Check function.

MODEL DG813

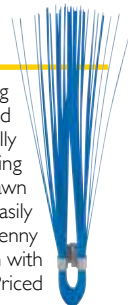

Includes: DG813 Laser; 1248 trivet plate 8 inch (200mm), RC803 IR/Radio Remote Control, SF803 Spot Finder w/pole adapter & target plate, 956 target, ST802 Transporter; NiMH battery pack and charger
